MEMORANDUM FOR: The Inspector General

SUBJECT : Gen. Cabell's Memo on the Recommendations Contained in the IG Training Report

25X1A2g

1. The second recommendation of our report is concerned with adopting a designation of [redacted] that reflects the scope and purpose of this intelligence training center. The DDCI approved the recommendation with the understanding that it referred only to a change in name. This was not the intent of the recommendation. It was directed at the much larger purpose of establishing [redacted] as a US intelligence training center to provide operational training for intelligence officers of all USIB agencies.

2. The more recent recommendation of the Joint Study Group supersedes our recommendation and so may make a further discussion of the subject purely academic. You may wish, however, to call this to Gen. Cabell's attention if only to correct what appears to be a misunderstanding.
